

Request for Personal Item(s) Only

USE THIS FORM TO REQUEST a Personal Item(s) not on the Pre-Approved Items List.

The National Board of Medical Examiners® (NBME®) processes these requests on behalf of the USMLE program

*Requests for test accommodations such as additional testing time must be submitted on the Request for Test Accommodations form available on www.usmle.org.

Submit this form to request items necessary to access during testing due to a medical condition such as a breast pump, continuous glucose monitor and receiver, hearing aid devices etc.

- **Requests should be submitted prior to or at the same time you register for a Step examination.** When registering for your exam, indicate that you will be requesting test accommodations which will place your scheduling permit temporarily on hold while your request is processed.
- If you already have a scheduling permit for a standard examination, please contact your registration entity to re-register and place your scheduling permit on hold.
- If you are requesting personal items other than breast pumps and diabetic supplies, supporting documentation from your treatment provider typed, dated, and on letterhead is needed.
- Disability Services will acknowledge receipt of your request by e-mail. If you do not receive an e-mail acknowledgment within a few days of submitting your request, please contact Disability Services at disabilityservices@nbme.org or 215-590-9700.
- Completed requests are processed within approximately 14 business days for examinees whose permits are on hold.
- All official communications regarding your request will be made in writing. If you wish to modify or withdraw your request, contact Disability Services by mail at disabilityservices@nbme.org.
